NEWS RELEASE

Flying Colours is Preferred Completion Center for LIST

Atlanta Georgia-NBAA News October 19, 2010 – Flying Colours Corp., a global aviation service company, has been selected by LIST components & furniture GmbH as the preferred completion center in North America for installation of LIST's stone flooring products.

Flying Colours recently installed a stone floor in a Global 5000 for an international client and is currently in discussions with other North American clients for stone flooring in their aircraft.

"We are pleased to be selected by LIST components & furniture GmbH as their preferred completion **center in North America. We feel this designation will also to continue to provide our clients with the most cutting** edge aviation products available," stated Eric Gillespie, Director Completion Sales & Management at Flying Colours.

"The first project between Flying Colours and LIST components & furniture GmbH was executed with the highest professionalism and dedication to excellent quality and services and has shown us that the collaboration with Flying Colours will be successful. We strongly believe that the collaboration between both companies will provide excellent products and innovative solutions to the aviation for Green Bombardier completions and refurbishment projects on all aircraft models", stated Helmut Wiesenberger, Director Business Development at LIST components & furniture GmbH.

Flying Colours plans to offer the stone flooring, countertops and other products offered from LIST components & furniture GmbH for all aircraft types including their Green Bombardier completions and their various refurbishment projects on all aircraft models.
