PRESS RELEASE

Stone Flooring qualified for Legacy 600 and 650

Embraer awarded LIST components & furniture GmbH for the fabrication and integration of Stone Floorings for Legacy 600 and Legacy 650 business aircraft.

Edlitz: In the spirit of integrating innovations in business aircraft, Embraer has awarded LIST components & furniture to equip Legacy 600 and Legacy 650 with real granite STONE FLOORINGS in the process of OEM integration and delivery.

The real granite STONE FLOORINGS provide a thickness of 2,5mm and meet all mandatory certification requirements. The luxury appearance in combination with the innovative approach of having real granite stone in business aircraft, provide an outstanding performance. The STONE FLOORING is mainly utilized in the entrance, galley and lavatory area of business aircraft.

In 2009, LIST installed the first STONE FLOORING in a Legacy 600 on a refurbishment project. The performance in-service has encouraged us to offer this innovative product also to the OEM market. "Embraer is the first OEM customer who is going to offer STONE FLOORING as an option for their business jet fleet", says Helmut Wiesenberger - Director Business Development at LIST components & furniture.

Statement of Embraer: "The stone flooring adds to the Legacy 600 and Legacy 650 outstanding cabins the innovation and refinement that are expected in today's Executive Jets and are drivers of Embraer Executive Jets products' portfolio." says Claudio Camelier, Market Intelligence Vice President, Executive Jets.
